

## 62<sup>nd</sup> EOQ Congress - second communication

### European Quality Congress – Paris 2018 - EOQ

The next EOQ quality congress will take place in the heart of Paris on June 21<sup>st</sup> and 22<sup>nd</sup> 2018.

### Feel the new quality way!

We will focus on 2 topics:

1. Quality, a competitiveness asset for Europa with sessions on QMS, lean management, CSR, innovation, transformation and of course My EOQ  
A lot of practices and experiences to demonstrate the added value of quality approaches
2. Quality leader, a key role. Quality managers play a major role in companies and we have to recognize and value him.  
After a game to share expectations on the quality leaders (5 people, 5 countries, 5 expectations) all sessions are focused on quality leader.

We have a surprise for closing the congress but shhh!!

The web site is under construction, but here is the link to register now and benefit of early registration.
