

UNITED KINGDOM – **CQI** – The Chartered Quality Institute:

The 2021 CQI European Quality week Theme = **Sustainability: improving our products, people and planet**

How customers and stakeholders view the quality of your products, services and organisation is changing to embrace your impact on society and the natural environment. If sustainability hasn't already become an essential part of your business operations, your competitive advantage and your reputation, it will.

We invite you to see our [CQI Video](#) and have a look at [the CQI Resources](#)
